Audit content

(1) A SMETA audit was conducted which included some or all of labour standards, health and safety, environment and business ethics. The SMETA minimum requirements were applied and the SMETA auditor manual was followed. The scope of workers included all types at the site e.g. direct employees, agency workers, workers employed by service providers and workers provided by other contractors. Any deviations from the SMETA methodology are stated (with reasons for deviation) in the SMETA declaration.

The audit scope includes an assessment of the Workplace Requirements and the Management Systems Assessment against the code areas below.

2-pillar audits include:

- Labour standards:
 - 0. Enabling accurate assessment
 - 1. Employment is freely chosen
 - 1.A. Responsible recruitment and entitlement to work
 - 2. Freedom of association and right to collective bargaining are respected
 - 4. Child labour shall not be used
 - 5. Legal wages are paid
 - 5.A. Living wages are paid
 - 6. Working hours are not excessive
 - 7. No discrimination is practiced
 - 8. Regular employment is provided
 - 8.A. Sub-contracting and homeworkers are used responsibly
 - 9. No harsh or inhumane treatment is allowed
- Health and safety:
 - 3. Working conditions are safe and hygienic
- Environment:
 - 10.A. Environment 2-pillar

4-pillar audits include, in addition to the above:

- Environment:
 - 10.B. Environment 4-pillar
- Business ethics:
 - 10.C. Business ethics

(2) Where appropriate, non-compliances or non-conformances were raised where either local law or the base code were not met, and recorded as non-compliances on both the audit report, CAPR and on the Sedex Platform.

(3) Any non-conformance against customer code shall not be uploaded to Sedex, but sent directly to the customer in question.

SMETA declaration

Auditor team

SMETA declaration

I declare that the audit underpinning the following report was conducted in accordance with SMETA Minimum Requirements and the SMETA Auditor Manual.

1. Where appropriate non-compliances/ non-conformances were raised against the Base Code and local law and recorded as non-compliances/ non-conformances on both the audit report, CAPR and on the Sedex Platform.
2. Any non-conformance against customer code alone shall not be uploaded to Sedex, and will be shared directly with the customer in question.

This report provides a summary of the findings and other applicable information found/gathered during the social audit conducted on the above date only and does not officially confirm or certify compliance with any legal regulations or industry standards. The social audit process requires that information be gathered and considered from records review, worker interviews, management interviews and visual observation. More information is gathered during the social audit process than is provided here. The audit process is a sampling exercise only and does not guarantee that the audited site prior, during or post-audit, are in full compliance with the Code being audited against. The provisions of this Code constitute minimum and not maximum standards and this Code should not be used to prevent companies from exceeding these standards. Companies applying this Code are expected to comply with national and other applicable laws and where the provisions of law and this Code address the same subject, to apply that provision which affords the greater protection. The ownership of this report remains with the party who has paid for the audit. Release permission must be provided by the owner prior to release to any third parties.

Any exceptions to the SMETA Methodology must be recorded here (e.g. different sample size)

Worker interview summary

Gender disaggregated data available	Men and women
Which methods of worker engagement were used?	Individual interviews Group interviews

Digital worker survey participants

	Men	Women	Other	Total
Number of workers	-	-	-	-

Were any of the audit findings attributable to the survey?

Was the interview sample representative of all types of nationality and employment types of workers?

Yes

Was the interview sample representative of the gender composition of the workforce?

Yes

Number and size of group interviews

1 group of 5 people

Did workers understand the purpose of the audit?

Yes

Were interviews conducted in circumstances to ensure privacy, with the confidentiality of the interview process communicated to the workers?

Yes

Was there any indication that workers had been 'coached' in how they should respond to questions?

No

What was the general attitude of the workers towards their workplace?

Favorable

[← Worker analysis](#)

[Measuring workplace impact →](#)

Attitude of workers

In which areas did workers raise significant concerns or complaints?	Other (provide details) None
What did the workers like the most about working at this site?	Facilities (e.g. rest area, recreation, canteen) Hours worked, rest days or breaks Job security Pay Work environment – comfort (e.g. temperature, noise or dust levels)
Additional comments	10 workers were selected for interviews including 3 female and 7 male employees of which 4 were direct workers and 6 agency workers. Workers were interviewed in 1 group of 5 and 5 workers were interviewed individually. The workers were assured of confidentiality, and they spoke freely of their views of working at company. All workers said they are satisfied with their employment conditions at the company. Employees feel free to leave this employer. They had good relationships with their supervisors and managers who treated them with respect. They felt able to complain directly to their supervisors but also feel free to give their general concerns. No major complaint expressed by workers during interviews. All workers were aware of their right to refuse overtime if asked. Workers enjoyed relation with employees and management and regularity of payments. All interviews were conducted in a relaxed atmosphere and workers showed an open attitude towards the whole procedure.
Attitude of workers' committee/union representatives	No workers committee or Union on site. 1 worker rep was interviewed. Rep expressed satisfaction of communication with senior management and workers. Rep confirmed that he is able to conduct his work freely
Attitude of managers	Auditor with translator and trainee/translator got to company in the morning and met Quality assurance manager and quality assurance assistant. The audit started with an opening meeting, the scope of the audit was explained, and a list of documents needed to review during the audit was delivered to the management. Additionally, permission to conduct individual and group interviews was granted. The management allowed taking photos by auditor's phone during the audit. The Quality assurance manager accompanied the auditor during the site tour and provided all requested information. The accountant- finance department provided all relevant documents requested and answered all questions regarding the workers terms of employment and related procedures. At the closing meeting, the findings were explained and time frames for corrective actions were discussed, and Quality assurance Manager signed the CAPR

Workers interviewed by type

Summary of findings

Code area	Workplace requirement	Area of NC	Finding
	No findings		
Systems and evidence examined to validate this code section	Relevant policy in place (Doc dated January 2025). Relevant stakeholders and their impact on silent issues have been identified. Person in charge of implementing the code is Mrs Leoncini Cecilia, Production and HR manager. A transparent system for reporting and dealing with related human rights issues is in place. The system utilizes a confidential reporting system (Doc: PSA12, dated 29/04/2025, utilizing a complaints box) managed by an internal committee for receiving and reporting any relevant grievances. Employees were aware of this mechanism. Last relevant training conducted 23/4/25, Doc: M18.02. Company is hosted in an owned building (ownership dated 03/06/2025, No: T106282/2025). Procedures in place for recruiting, promoting, training, grievance issues, contracting and all related financial issues. Compliance to the code is assigned to Mrs Giovanna Ianello, HR manager. Compliance against standard's requirements monitored by operations manager, Legal awareness assured by quality manager, accounting department. External consultant also utilized Mr Giovanni Ranetta (viewed email dated 3/2/2025). Legal documents assessed included: Permit (19/07/2013, No: 083005205300506M080111 Building ownership dated 03/06/2025, No: T106282/2025 Liability insurance for workers (valid till 27/1/2026, No: 407947599) Environmental license No: 8/2016, dated 16/3/2016 Fire permit dated 14/2/2023, valid till 14/2/2028, No: 14308 Well water permit dated 17/7/2024, No: 91022 witj max capacity 411902m3 and renewal application 1/4/25 Evidence Examined - Sedex SAQ - Company Code of Conduct and Policy - Workers contracts, payslips and time records - Complaints Records - Training Records - Annual Management review - System Manual - Company Legal Papers - Risk Assessments		

0. Enabling accurate assessment

Data points

Has the site received an official notice, fine, prosecution, or withhold release order (WRO) for non-compliance with legislation, regulation, consent, or permits within the last three years, relating to Health and Safety, labour rights or the environment?	No
Did any workers selected by the auditor decline to be interviewed?	No

1. Employment is freely chosen

Management systems

Develop and maintain relevant policies and procedures to ensure workplace requirements are met	Robust Management Systems
Appoint a manager with sufficient seniority who is responsible for implementing procedures	Robust Management Systems
Communicate and train employees and other workers, including managers and supervisors, on relevant policies and procedures	Robust Management Systems
Monitor the effectiveness of procedures to meet policy and workplace requirements	Robust Management Systems
Explanation for management systems grades	Formal policies (Doc dated January 2025) and procedures to ensure workplace requirements. HR manager is appointed and has the overall responsibility and oversees all relevant procedures implementation. Training regime is in place and available for all employees (dated 17/1/2025 Doc: M18.02). Employee awareness verified during interviews (10/10). Monitoring of policy effectiveness staff satisfaction and monitoring of grievance procedure

Summary of findings

Code area	Workplace requirement	Area of NC	Finding
	No findings		

Systems and evidence examined to validate this code section

Written statements for freely chosen employment reference in contracts and human rights policy. Employees interviewed showed awareness and expressed feeling free to leave any time they wished. Policy reference for legal awareness and compliance, forced labor, child labor, discrimination, harassment and abuse. Relevant law reference in employees contracts and policy. No prison/bonded or involuntary employees found working on site. No deposits asked by employees (verified by employee's interviews). Employees are free to leave after a notice. No loans given to employees. There is related reference in contract and all employees interviewed showed awareness. Reference in contract for compensation as per legal demand after a dismissal. No deductions in wages other than the one's defined in related law (social security, taxes and pension). All employees are paid directly via bank accounts or check once a month.

Data points

Labour hire

Does the site use labour providers and/or formal, temporary, seasonal or guest worker programmes?	Workers are recruited and hired by licensed labour providers Workers are recruited, selected, and hired directly by our company One agency is utilised 'Calatino Soc. Coop' with a valid contract with the company dated dated 7/9/2021, No: 4677. Agency provides totally 12 male and 4 female workers
Provide business names for all labour providers and programmes used	One agency is utilised 'Calatino Soc. Coop' with a valid contract with the company dated dated 7/9/2021, No: 4677
How do the labour providers recruit and hire workers?	Directly
Where labour providers were used to recruit, what was the highest number of tiers identified in a workers recruitment journey?	1
Are there any subcontracted workers (excluding dispatched labour) on site?	No
Were all non-employee (e.g. agency or subcontracted) workers included within the scope of this audit for the purpose of document review and (if onsite on date of audit) interview?	Yes
Were sufficient documents for non-employee (e.g. agency or other subcontracted) workers available for review?	Yes

Migrant workers

Do any workers migrate across international borders to work at this site?	No
Percentage of workers that are migrant	0%

[← Code area 1.A](#)

[Code area 2 →](#)

Do any workers migrate from other states, provinces or regions within the country to work at this site? No

Recruitment fees

Were you able to detect recruitment fees and costs paid by workers during the recruitment and employment process? No
No fees identified as triangulated during staff interviews and documents review

Were recruitment fees or costs identified during worker interviews? No
No fees identified as triangulated during staff interviews and documents review

HR manager is appointed and has the overall responsibility and oversees all relevant procedures implementation. Union is on site and site's openness to freedom of association stated in policy and verified via workers interviews and Union CBA review. Relevant reference also in policy and verified during audit. Policy communication to employees conducted via training (last dated January 2025). Monitoring of policy effectiveness conducted via annual management review and grievance procedure

Summary of findings

Code area	Workplace requirement	Area of NC	Finding
	No findings		

Systems and evidence examined to validate this code section

During the opening meeting it was noted that there is one Union with a CBA valid till 30/11/2027, at the company. Union is legally registered and approved. Company has an open-door policy and workers interviews verified that there was no opposition for a formation of an association ever expressed by the management. Meeting's minutes are recorded and so are follow up actions. Union effectiveness discussed during interviews. Employees satisfied with relevant communication. Freedom of association also covered by national law and there is a reference in all contracts and in human rights policy.

Systems and evidence examined to validate this code section

Overall responsibility regarding H&S issues is assigned to Mr Imbesi Salvatore, (official training dated 23/9/2024-7/10/2024, Doc: ME_004/2024_008/RSPP/A). All accidents recorded and root cause analyzed (viewed excel log and last report dated 20/3/2024 and detailed analysis dated 25/3/24). Signs in relation with health and safety rules were on display in several areas (production). No accommodation provided to employees.. Sufficient PPE available for each department. PPE listed (Doc: MSA09, dated 29/4/2025). Noise assessment conducted by external company. Viewed last external assessment dated 13/03/2023.

Training
Employees expressed feeling of safety and were happy with the existing system. The company has ensured that all employees have undergone safety training (last dated 17/1/2025 Doc: M18.02) as per legal demand. A formal training program for all health and safety issues is followed for various related topics. Health and safety risk assessment in place dated 29/04/2025.

Sanitation
Clean and adequate sanitary facilities separated for men and women for all employees. Access to clean toilets and drinking water was free. Analysis of water as per formal analysis plan. Viewed last report dated 19/12/2024 No: 2317, verifying potability.

Chemicals
All Chemicals found in the factory were labelled correctly in their original container and placed in areas away from watercourse and drains. Viewed list of approved chemicals (Doc:D0504, dated 4/1/2025). MSDS available for all chemicals and COSHH assessments in place with relevant assessments for each individual chemical).

List of trained first aiders was presented. (Viewed certificates for MF & BF dated SIAPA/APS/24/035, dated 19/11/2024). Production managers trained for first aid to assure that there will always be one trained person on every shift. First aid kit was available and checked weekly

Fire Safety
Fire permit dated 14/2/2023, valid till 14/2/2028, No: 14308). Emergency lighting available in all areas. Last fire drill conducted 9/1/25. Viewed report with photographic evidence. Drill participation verified for 10/10 workers interviewed. Last fire alarm test dated 9/1/2025. Fire extinguishers are serviced on an annual basis by an external company. Last inspection on all fire safety equipment conducted in February 2025 by company Cadi. All fire extinguishers observed on the factory floor had signage in place.

Equipment
Preventive maintenance plan in place. Monthly housekeeping checks on all departments. List of qualified forklift drivers. Viewed Doc: D09.11.02 for pre operational check and drivers certificates RRA dated 20-22/02/2025, No: ME_004/2025_001/OPER_ATTR & MF dated 18/3/2024, No: ME_004/2024_006/OPER?ATTR/A3. Two boiler is on site. Viewed last permit dated 11/04/2025 (Serial No: NF9279 Cert No: 2024/.7/50104/ME & NF8735 Cert No: 2000/3/15307/MI

External doctor utilized Mr Luigi Galassi visiting on a annual basis. Last report dated 4/2/25.

Systems and evidence examined to validate this code section

The local minimum wage standard is set by Italian government is not defined but the average minimum wage would be 7-9 euros per hour and the minimum is defined by the applicable CBA at 1160,94 euros per month. Workers are paid once a month. All workers received payment via bank transfer.

The standard working hours as defined by law are 40 hours a week and this was followed by the company as per employee and management interviews and was also verified via time records. The factory had in place a formal control process for the payment of wages and regularity as well as legality. Working hours are fixed at 8 hours a day and workers work for a fixed of 5 days a week or do 5 X 7 hour shifts ad 1 5 hour shift on a Saturday. Site monitors working hours via a sign in and out monitoring system. Accuracy of wages was verified both by employees interviews and pay slips review. All employees data (age, occupation and working hours) were inputted to an electronic application and the wage was automatically calculated as per contract. Deductions were made for tax and social insurance and pension fund which are legally required. It was confirmed through document review, time records and employee interviews that wages paid for a standard working week meet, national legal standards or industry benchmark standards. There were no unauthorised deductions taken from employee's wages through the samples reviewed. Workers received their legal entitlement for holidays. All employees stated that they fully understood their wage information, wage slips were provided on the day of pay. All employees provided with written and understandable information about their employment conditions in respect to wages before they enter employment in Italian language. All social insurance payments were passed on to the relevant authorities in a timely manner. Auditor selected 10 pay slips and time records for months November 2024, January 2025 (peak) and April 2025 (most recent). Workers stated that they are never asked to work overtime and feel free to refuse.

10 employee files checked for payrolls, wages were taken from each of the following sample months: November 2024, January 2025 (peak) and April 2025 (most recent). Standard working hours permissible is defined at 8 hours per day and 40 per week (by either doing 5X8 hour shifts or 5X7 hours shifts and 1X5 hour shift on a Saturday). This was verified both from the employees' interviews and from the time records of the time keeping system. Working hours are monitored and recorded via a sign in and out system for all employees. Working hours records are fixed then payrate is automatically calculated by the accountant department. Workers operating in the following shift pattern: 07:00-13:00 and 14:00-15:00 or 08:00-13:00 and 14:00-16:00 (Monday to Friday) and Saturday 07:00-12:00 and administration 08:30-13:00 and 15:00-18:30. Occasionally and only during peak season (January to March) workers may work also on night shift from 15:00-23:00. The company operates 5 days a week and may also operate on Saturdays if there is workload. According to employees interviews basic working hours were 40 hours per week. Workers are given 2 days off per week or 1 day per week during weeks that the workload is more. No workers were found to be working more than 60 hours per week as per employees interviews and records review.

No overtime found as per employees interviews and time records review.

* PDF generated at 16:55 (UTC) on 23 Jun 2025. [View this finding on the Sedex platform](#) for live updates and closure details.

6. Working hours are not excessive

Data points

Is the sample size the same as in the wages section?	Yes
Normal day overtime premium as a percentage of standard wages	120%
If the site pays an overtime premium of less than 125% and this is allowed under local law, are there other considerations?	Site gives days off for overtime work as allowed by local law and applicable CBA BUT overtime is never asked at the site as verified in workers interviews and records review, therefore there was no overtime conducted paid below 25% and therefore practice was regarded as SMETA compliant
Excluding overtime, what are the regular working hours per week for workers at this site?	40.0
Including overtime, what is the average number of working hours per week for full-time workers at this site?	40.0
In the sample, what was the maximum number of hours worked in a single week, including overtime, for any worker at this site?	40.0
Maximum number of days worked without a day off in sample	6

8.A. Sub-contracting and homeworkers are used responsibly

Management systems

Develop and maintain relevant policies and procedures to ensure workplace requirements are met	Robust Management Systems
Appoint a manager with sufficient seniority who is responsible for implementing procedures	Robust Management Systems
Communicate and train employees and other workers, including managers and supervisors, on relevant policies and procedures	Robust Management Systems
Monitor the effectiveness of procedures to meet policy and workplace requirements	Robust Management Systems
Explanation for management systems grades	No home working or sub contracting utilised as verified during site tour, records review, workers interviews and management interviews

Summary of findings

Code area	Workplace requirement	Area of NC	Finding
	No findings		
Systems and evidence examined to validate this code section	No subcontracting or homeworking takes place or utilised as verified in workers interviews, management interviews, site tour and records review		

8.A. Sub-contracting and homeworkers are used responsibly

Data points

Are homeworkers employed directly or engaged through an agent? Not applicable

Gender disaggregated data available

Number of homeworkers used

	Men	Women	Other	Total
Number of workers	-	-	-	-

What processes are carried out by homeworker?

Are full records of homeworkers available at the site?

Does the supplier buy products or services from suppliers that use homeworkers? No
No homeworkers used

Sub-contracting

Are there any concerns about unrecorded work or undeclared sub-contracting on site, giving considerations to the workers' capacity? No
No concerns identified as per site tour, documents review and interviews

Are any sub-contractors used? No

9. No harsh or inhumane treatment is allowed

Management systems

Develop and maintain relevant policies and procedures to ensure workplace requirements are met	Robust Management Systems
Appoint a manager with sufficient seniority who is responsible for implementing procedures	Robust Management Systems
Communicate and train employees and other workers, including managers and supervisors, on relevant policies and procedures	Robust Management Systems
Monitor the effectiveness of procedures to meet policy and workplace requirements	Robust Management Systems
Explanation for management systems grades	Formal policies (Doc dated January 2025) and procedures to ensure workplace requirements. HR manager is appointed and has the overall responsibility and oversees all relevant procedures implementation. Training regime is in place and available for all employees (last recorded 23/4/25, Doc: M18.02). Employee awareness verified during interviews (10/10). Monitoring of policy effectiveness staff satisfaction and monitoring of grievance procedure

Summary of findings

Code area	Workplace requirement	Area of NC	Finding
	No findings		

Systems and evidence examined to validate this code section

Written disciplinary procedure is in place (Doc: DSA04, dated 29/4/2025). All workers confirmed that they understood the company grievance procedure. Last relevant training on procedure conducted on 23/4/25, Doc: M18.02.

Workers confirmed that no harsh treatment or abuse taking place. No deduction from salaries was noted during pay slips review and personnel files and was also confirmed during the workers interviews. The grievance mechanism does assure a confidentiality and anonymous route of reporting via a complaints box. Workers can also contact their supervisor or the manager under an open -door policy.

10.B. Environment 4-Pillar

Data points

Has the site conducted a risk assessment on the environmental impact of the site, including implementation of controls to reduce identified risks?	Yes
What additional specific environmental policies does the site capture?	Responsible use and management of water Zero-waste and recycling protocols Switching to renewable energy sources Prioritising local suppliers
Is there a system for managing client's requirements and legislation in the destination countries regarding environmental and chemical issues?	Yes Communicated upon contracting and managed by formal procedures
Does the site have reduction targets in place to manage climate related risks?	Yes, to reduce scope 1 greenhouse gases (GHGs) Yes, to reduce scope 2 greenhouse gases (GHGs)
Are any of these science-based targets?	No, but we anticipate setting one in the next two years
Does the site have reduction targets in place for environmental aspects (e.g. water consumption and discharge, waste, energy and green-house gas emissions: (Scope 1, 2 & 3))?	Yes Reduction targets in place
Has the site checked that any sub-contracting agencies or business partners operating on the premises have the appropriate permits and licences and are conducting business in line with environmental expectations of the facility?	Not Applicable

Usage/discharge analysis

	Last full calendar year (2024)	Previous full calendar year (2023)
Total electricity consumption from non-renewable sources (kWh)	3,391,455	2,781,483

Systems and evidence examined to validate this code section

The appropriate section of the SAQ was filled in and provided to the auditor prior to conducting audit. Operations Manager has the ultimate responsibility for all related issues. There is one designated individual on site responsible for that cause. Audit and site practices were conducted without corruption and /or bribery. Fraud is covered as part of the statutory audit process that is reviewed on an annual basis. There is a business ethics policy in place as part of the code of conduct. Relevant training conducted annually (viewed records for 23/4/25, Doc: M18.02).
